---

SAARTHII is the guide who uses clairvoyance and enlightened nature to help the seeker find a direction to face adversity. Lord Krishna embodies the spirit with his selfless support to Arjuna by becoming his charioteer in the battlefield and helps him unravel his true Karma teaching him not to get attached to the result. He helped Arjuna in his state of disillusion & encourages him to stand for right & do his Dharma.

He reminds us to remain true to the same principles of supporting the deserving so that they find the right place in the society.

SAARTHII is a sincere effort to support the deserving who need the right direction in life. Our intent is to provide a way to the disappointed or weaker sections of the society through our unconditional support, love & compassion.
